

## Our Team

---

### PETER MARTIGNAGO

*Joined Mayoh Architects in 2014*

With a career spanning over 15 years in the industry, Peter joined the Mayoh team after running his own design practice. He specialises in designing medium scale residential, commercial, hospitality and retail projects. Peter applies a personal approach to each of his designs, taking an active role in all stages of the project, from conception to contract/site administration. His practical knowledge of construction techniques filters through to the details of his designs, ensuring cost effectiveness and ease of communication with contractors and consultants. Peter is currently a project leader in our multi-residential team.
